

§ 32.4

28 CFR Ch. I (7–1–15 Edition)

of the criminal terrorism laws, at 18 U.S.C. 2331; and

(2) The event or act (or the circumstances of death or injury) was of such extraordinary or cataclysmic character as to make particularized factual findings impossible, impractical, unnecessary, or unduly burdensome.

Voluntary intoxication at the time of death or catastrophic injury means the following, as shown by any commonly-accepted tissue, -fluid, or -breath test or by other competent evidence:

(1) With respect to alcohol, (i) In any claim arising from a public safety officer's death in which the death was simultaneous (or practically simultaneous) with the injury, it means intoxication as defined in the Act, at 42 U.S.C. 3796b(5), unless convincing evidence demonstrates that the officer did not introduce the alcohol into his body intentionally; and

(ii) In any claim not described in paragraph (1)(i) of this definition, unless convincing evidence demonstrates that the officer did not introduce the alcohol into his body intentionally, it means intoxication—

(A) As defined in the Act, at 42 U.S.C. 3796b(5), *mutatis mutandis* (i.e., with “post-mortem” (each place it occurs) and “death” being substituted, respectively, by “post-injury” and “injury”); and

(B) As of the injury date; and

(2) With respect to drugs or other substances, it means intoxication as defined in the Act, at 42 U.S.C. 3796b(5), as evidenced by the presence (as of the injury date) in the body of the public safety officer—

(i) Of any controlled substance included on Schedule I of the drug control and enforcement laws (*see* 21 U.S.C. 812(a)), or any controlled substance included on Schedule II, III, IV, or V of such laws (*see* 21 U.S.C. 812(a)) and with respect to which there is no therapeutic range or maximum recommended dosage, unless convincing evidence demonstrates that such introduction was not a culpable act of the officer's under the criminal laws; or

(ii) Of any controlled substance included on Schedule II, III, IV, or V of the drug control and enforcement laws (*see* 21 U.S.C. 812(a)) and with respect to

which there is a therapeutic range or maximum recommended dosage—

(A) At levels above or in excess of such range or dosage, unless convincing evidence demonstrates that such introduction was not a culpable act of the officer's under the criminal laws; or

(B) At levels at, below, or within such range or dosage, unless convincing evidence demonstrates that—

(1) Such introduction was not a culpable act of the officer's under the criminal laws; or

(2) The officer was not acting in an intoxicated manner immediately prior to the injury date.

§ 32.4 Terms; construction, severability; effect.

(a) In determining the meaning of any provision of this part, unless the context should indicate otherwise, the first three provisions of 1 U.S.C. 1 (rules of construction) shall apply.

(b) If benefits are denied to any individual pursuant to the Act, at 42 U.S.C. 3796a(4), or otherwise because his actions were a substantial contributing factor to the death of the public safety officer, such individual shall be presumed irrebuttably, for all purposes, not to have survived the officer.

(c) Any provision of this part held to be invalid or unenforceable by its terms, or as applied to any person or circumstance, shall be construed so as to give it the maximum effect permitted by law, unless such holding shall be one of utter invalidity or unenforceability, in which event such provision shall be deemed severable herefrom and shall not affect the remainder hereof or the application of such provision to other persons not similarly situated or to other, dissimilar circumstances.

(d) Unless the same should expressly provide otherwise (e.g., by use of the word “hereafter” in an appropriations proviso), any amendment to the Act (or any statutory enactment otherwise directly referent or -applicable to the program that is the subject of this part), shall apply only with respect to injuries (or, in connection with claims

under the Act, at 42 U.S.C. 3796(k), shall apply only with respect to heart attacks or strokes referred to in the Act, at 42 U.S.C. 3796(k)(2)) occurring on or after the date it takes effect.

§ 32.5 Evidence.

(a) Except as otherwise may be expressly provided in the Act or this part, a claimant has the burden of persuasion as to all material issues of fact, and by the standard of proof of “more likely than not.”

(b) Except as otherwise may be expressly provided in this part, the PSOB determining official may, at his discretion, consider (but shall not be bound by) the factual findings of a public agency.

(c) Rules 301 (presumptions), 401 (relevant evidence), 402 (admissibility), 602 to 604 (witnesses), 701 to 704 (testimony), 901 to 903 (authentication), and 1001 to 1007 (contents of writings, records, and photographs) of the Federal Rules of Evidence shall apply, *mutatis mutandis*, to all filings, hearings, and other proceedings or matters. No extrinsic evidence of authenticity as a condition precedent to admissibility shall be required with respect to any document purporting to bear the signature of an expert engaged by the BJA.

(d) In determining a claim, the PSOB determining official may, at his discretion, draw an adverse inference if, without reasonable justification or excuse—

(1) A claimant fails or refuses to file with the PSOB Office—

(i) Such material- or relevant evidence or -information within his possession, control, or ken as may reasonably be requested from time to time by such official; or

(ii) Such authorizations or waivers as may reasonably be requested from time to time by such official to enable him (or to assist in enabling him) to obtain access to material- or relevant evidence or -information of a medical, personnel, financial, or other confidential nature;

(2) A claimant under subpart C of this part fails or refuses to appear in person—

(i) At his hearing under subpart E of this part (if there be such a hearing); or

(ii) Before such official (or otherwise permit such official personally to observe his condition), at a time and location reasonably convenient to both, as may reasonably be requested by such official; or

(3) A claimant under subpart B or C of this part fails or refuses to apply for (or to pursue to completion), in timely fashion, the benefits, if any, described in § 32.15(a)(1)(i) or § 32.25(a)(1)(i), respectively.

(e) In determining a claim, the PSOB determining official may, at his discretion, draw an inference of voluntary intoxication at the time of death or catastrophic injury if, without reasonable justification or excuse, appropriate toxicologic analysis (including autopsy, in the event of death) is not performed, and/or the results thereof are not filed with the PSOB Office, where there is credible evidence suggesting that intoxication may have been a factor in the death or injury, or that the public safety officer—

(1) As of or near the injury date, was—

(i) A consumer of alcohol—

(A) In amounts likely to produce a blood-alcohol level of .10 per centum or greater in individuals similar to the officer in weight and sex; or

(B) In any amount, after ever having been treated at an inpatient facility for alcoholism;

(ii) A consumer of controlled substances included on Schedule I of the drug control and enforcement laws (see 21 U.S.C. 812(a)); or

(iii) An abuser of controlled substances included on Schedule II, III, IV, or V of the drug control and enforcement laws (see 21 U.S.C. 812(a)); or

(2) Immediately prior to the injury date, was under the influence of alcohol or drugs or other substances or otherwise acting in an intoxicated manner.

(f) In determining a claim under the Act, at 42 U.S.C. 3796c-1 or Public Law 107-37, the certification described therein shall constitute *prima facie* evidence—

(1) Of the public agency's acknowledgment that the public safety officer, as of the injury date, was—

(i) A public safety officer of the kind described in the certification;
